TOPIC: Regulating an Evolving Long-Term Care Insurance Market

Speaker: Scott Kipper, Insurance Commissioner, State of Nevada
Chair, Senior Issues (B) Task Force, National Association of Insurance Commissioners

TOPIC:

In this session, Commissioner Kipper will discuss the regulatory challenges associated with an evolving market of long-term care insurance products. Regulators have been faced with company withdrawals, significant rate increases, new hybrid products, and a renewal of the debate over the current and potential role of the product in the financing of the nation's long-term care. As this market continues to change, an evolving regulatory framework is critical to keeping the products viable from a company perspective and accessible from a consumer perspective.

SPEAKER:

Scott Kipper is Commissioner of the Nevada Division of Insurance and Chair of the Senior Issues (B) Task Force of the National Association of Insurance Commissioners. Commissioner Kipper has vast experience as a regulator. He has served as the Deputy Commissioner in charge of the Office of Health Insurance for the Louisiana Department of Insurance, and as CEO of the State of Louisiana Office of Group Benefits. He previously served as the Oregon Insurance Administrator and worked as the Senior Regional Director for the Health Insurance Association of America and America's Health Insurance Plans.
